## MANAGERS' MESSAGE

*Happy June, Winward Lakes!*

*Lots of excitement for us since our May Newsletter! Christian and I went for a long weekend trip to Playa Del Carmen to celebrate my daughter's 30th birthday. It was such a nice time relaxing and spending quality time with my daughter, her husband Nash and our grandsons, Jacob and Jayden (who are growing up far too quickly!). We also got news that Cassie is expecting her third child, and this time it's a girl! This will be our first grand-daughter!! Here are a few pics:*

*We are also over the moon with excitement on the delivery of our new house!!! I wish we could move in today, but as you all know, the process of finishing and setting up homes take some time! We are also due to receive 3 more homes within the next couple of months, so stay tuned for more excitement!*

*As you all know, a new electronic back gate is due to be installed. This will be an exit only gate, but will also have a walk through to make it easier for cycling or walking outside of the community. ETA is still unconfirmed, but we are hopeful it will be scheduled shortly.*

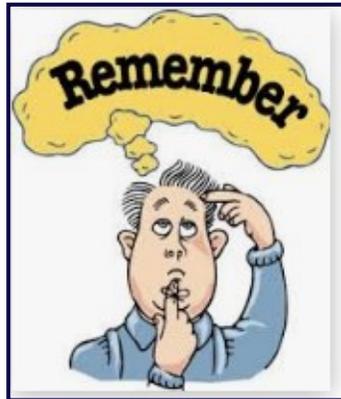

*As always—take a deep breath and enjoy life!!*

*Dana and Christian Serino*

# COMMUNITY MATTERS

## Father's Day

Happy Father's Day on June 8th to all of our fathers, grandfather's and furry pet father's. Enjoy your day!!

## Overnight Guests

With summer approaching, more and more residents are having overnight visitors. Just a reminder that no cars are allowed to be parked on the streets. If they do not fit in your driveway, please have them request a parking pass from the office, and they may park in the parking lot next to the pool (on Port Lane). Please, no parking in front of the office. This is for residents and guests only.

Also, your guests are welcome to use the pool, but you must be with them.

Thank you for your understanding.

## Yard Waste

Yard Waste which is bagged and within the appropriate weight limits (eg—you are able to lift the bag), may be put out on trash days—Monday and Thursdays. They are NOT permitted to be left at the curb on any other day of the week. If your landscaper comes on a different day, you must keep the yard waste with your regular trash until Trash Day. Thank you for your cooperation.

## Landscapers

If you have Landscapers care for your property, please advise them that any damage caused by them at Winward Lakes, is their responsibility. They will need to repair damage, at their cost, immediately. We have had landscapers hit and break water lines, and leave it for Winward Lakes to repair. This will no longer be tolerated. Failure to take responsibility for their actions will lead to a ban of the company working in Winward Lakes. I trust you all understand, and will relay this message. Anyone doing work in Winward Lakes is expected to take care and pride in their work and damage should never happen.

## Hurricane Season 2022

Remember, June 1 marks the beginning of Hurricane Season 2022. Please review the Hurricane Guide on pages 4-6. Now is the time to prepare your home. Any items outside of your house must be secured or removed. Some of you have lawn ornaments which will not stay in place during strong winds. Please keep in mind that they may damage your or your neighbor's home during summer storms.

## Community Improvements

As you are aware, Christian and I are hands-on with many of the improvements in this community. This means, however, that we will not always be sitting in the office, but can be found working in and around the community. Rest assured, we can ALWAYS be contacted. If our office assistant, Kevin, is not in the office, you can always reach us by phone / text / or email (the number is posted on the door). Or drive around—look for our golf cart and you will find us (hammer or paint brush in hand, mind you) .

# The Essential Guide to Hurricane Preparedness

Each year hurricane season begins on June 1st and lasts 5 months, with storms typically peaking in August and September. As with every hurricane season regardless of forecast, knowing the essentials of how to prepare could truly be a life saver.

## Hurricane Knowledge

First, know your hurricane facts and understand common terms used during hurricane forecasts. Storm conditions can vary on the intensity, size and even the angle which the tropical cyclone approaches your area, so it is vital you understand what the forecasters and news reporters are telling you.

- Tropical Depressions are cyclones with winds of 38 mph.
- Tropical Storms vary in wind speeds from 39-73 mph
- Hurricanes have winds 74 mph and greater. Typically the upper right quadrant of the storm (the center wrapping around the eye) is the most intense portion of the storm. The greatest threats are damaging winds, storm surge and flooding. This is in part why Hurricane Katrina was so catastrophic when bringing up to 28 foot storm surges onto the Louisiana and Mississippi coastlines.

Here are some important terms you may hear:

- Tropical Storm Watch: Tropical storm conditions are possible in the area.
- Hurricane Watch: Hurricane conditions are possible in the area. Watches are issued 48 hours in advance of the anticipated onset of tropical storm force winds.
- Tropical Storm Warning: Tropical storm conditions are expected in the area.
- Hurricane Warning: Hurricane conditions are expected in the area. Warnings are issued 36 hours in advance of tropical storm force winds.
- Eye: Clear, sometimes well-defined center of the storm with calmer conditions.
- Eye Wall: Surrounding the eye, contains some of the most severe weather of the storm with the highest wind speed and largest precipitation.
- Rain Bands: Bands coming off the cyclone that produce severe weather conditions such as heavy rain, wind and tornadoes.
- Storm Surge: An often underestimated and deadly result of ocean water swelling as a result of a landfalling storm, and quickly flooding coastal and sometimes areas further inland.

During a watch, prepare your home and evacuation plan in case a warning is issued. During a warning, carefully follow the directions of officials, and immediately leave the area if they advise it. In the event of an Extreme Wind Warning/Advisory, which means that extreme sustained winds of 115 mph or greater are expected to begin within an hour, immediately take shelter in the interior portion of a well-built structure.

## Hurricane Forecasts

Predicting a tropical cyclone's path can be challenging; there are many global and local factors that come into play. The storm's size and path can directly influence what sort of wind patterns guide, enhance or hinder its growth, and vice versa! Forecasters have computers that take huge amounts of data and try to predict where the storm will go and usually can calculate 2-3 days out fairly accurately. This is where you hear the terms computer models and spaghetti models being used. Generally the forecast track or path is given with the average consensus of these models. The National Hurricane Center has the most up-to-date information on tropical cyclone developments, forecasts and weather alerts, discussions analyzing the data and more.

<http://www.nhc.noaa.gov/>

## **Hurricane Kits**

It is important to create a kit of supplies that you could take with you if you are forced to evacuate. This kit will also be useful if you are able to stay in your home, but are still affected by the storm, such as through the loss of power. One common trend seen when hurricanes are approaching is a wide-spread panic. When this happens, people rush in large numbers to get all the supplies they think they need. However, if you prepare your kit ahead of time, you can alleviate a lot of the potential stress of a very chaotic situation. You should create your kit in a bag that you can easily take with you. Some recommended items to include are:

- Non-perishable food (enough to last at least 3 days)
- Water (enough to last at least 3 days)
- First-aid kit (include any prescription medication you may need)
- Personal hygiene items and sanitation items
- Flashlights (have extra batteries on hand)
- Battery operated radio (again, have extra batteries)
- Waterproof container with cash and important documents
- Manual can opener
- Lighter or matches
- Books, magazines, games for recreation

### **Special needs items:**

- pet supplies and baby supplies if applicable
- Cooler and ice packs
- A plan for evacuation and a plan if family members are separated

## **Securing Your Home**

Know how to secure your home in the event of damaging winds, storm surge and flooding.

- Cover all of your windows, either with hurricane shutters or wood. Although tape can prevent glass from shattering everywhere, be warned that tape does not prevent the window from breaking.
- If possible, secure straps or clips to securely fasten your roof to the structure of your home.
- Make sure all trees and shrubs are trimmed and clear rain gutters.
- Bring in all outdoor furniture, garbage cans, decorations, and anything else that is not tied down.

If winds become strong, stay away from windows and doors and close, secure and brace internal doors.

## Power Outages

In the event a storm should leave you without power, there are a few things to consider and help you be ready and stay safe outside of your normal hurricane preparedness.

**Gas:** Make sure your tank is full far in advance of an approaching storm. Most people wait until the last minute, rush to get extra gas for cars and generators, and subsequently gas stations can run out early.

**ATMS:** Have extra cash on hand in the event no ATMS in your area are accessible or working.

**Cell Phones:** Charge your cell phone and limit use after power is out.

**A/C:** This can be the most uncomfortable side effect of losing power during a storm. Try to prevent as much light from entering and warming the house by covering up your windows on the inside. If you have back-up or battery operated fans, don't run them unless you are in the room. Fans create a difference in perceived temperature but do not cool the room; instead they create a cooling effect by dispersing the heat off your skin. It is said they can actually add heat to a room just by running.

**Water:** Fill bathtub and large containers with water for washing and flushing only.

**Food:** Turn your fridge temperature down and/or freeze any food or drinking water that can be frozen if you expect a power outage. Here is a guide on freezing food: [Freezing and Food Safety](#). Have a cooler with ice packs prepared to cool your drinks and snacks after power has been out for more than 4 hours. And importantly, check out this food safety guide for when to discard your perishable food: [http://www.foodsafety.gov/keep/charts/refridg\\_food.html](http://www.foodsafety.gov/keep/charts/refridg_food.html)

**Health/Safety:** The CDC has a great guide on how to stay safe in the event of a power outage: [Power Outages](#). Remember, any severe storm can be deadly and destructive. If you've survived a landfalling cyclone, you know the inconvenience and distress it can cause. One of the best tips to be prepared is knowing the cycle of a cyclone - Approach, Arrival & Aftermath. Prepare ahead of time and listen to the directions of officials for the approach. Secure your home, or find a safe shelter for its arrival, and know how to proceed safely during the aftermath.

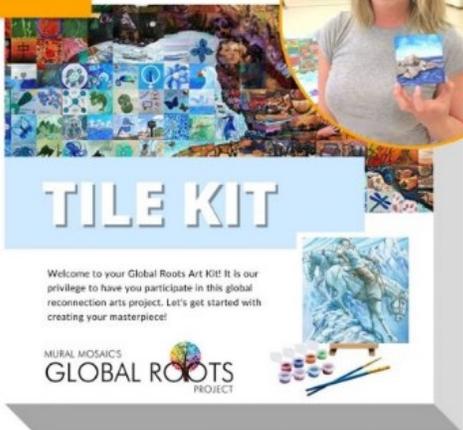

Author: Christine Harrison

## Global Roots Project

**When:** Saturday August 13, 2022  
**Time:** 4:00 pm  
**Where:** Clubhouse  
**Hosted by:** Kay Pratt-Salyer  
**Cost:** \$26.60  
**Register by:** June 15th, 2022

Winward Lakes is participating in the Mural Mosaic's Global Roots Project!! Calling all artists and non-artists alike who would like to take part in this project, and paint a tile that will be placed in a one-of-a-kind mural mosaic which is created, connected and shared around the world, The cost is \$26.60 per participant. The event will be hosted by our very own resident artist, Kay Pratt-Salyer, who will be providing the tile kits for each participant. Wine and soft drinks will also be provided. Space is limited! Don't be disappointed. To register, contact Kay via **text** at 714-743-9006 or **email** at [kpsalyer@gmail.com](mailto:kpsalyer@gmail.com). Deadline to register is June 15, 2022.

MURAL MOSAICS  
GLOBAL ROOTS

### 1 America Connects Southeast Mural Mosaic Participant Tile Painting Kit

- 6x6 Inch Canvas
- 1 set of Palette Specific Acrylic Paints
- Participant Guide with Instructions for Your Tile to fit in the Mosaic
- 1 set of 2 Brushes
- 1 Mini wooden easel to display your canvas

MURAL MOSAIC'S  
**GLOBAL ROOTS**  
PROJECT

This global art project by Mural Mosaic will (Re)Connect the World.  
One painted tile, one tree, one community, one country at a time.

The purpose of this project is to (re)connect our communities, families and long distance loved ones through the joy and inspiration that bringing mosaic tiles together into one united piece of art.

While we can't be in every country on every mural site, we can all create art virtually to maintain our safety and enjoy sharing and connecting with one another.

Mural Mosaic Art Director and world renowned artist, Lewis Lavoie, has chosen the TREE 🌳 as the symbol of connection for this project.

These one-of-a-kind mural mosaics will be created, connected and shared around the entire WORLD!

Global Roots Kicks Off its first National Mural with Canada Connects in April 2021.

Mural Mosaic Partners - Paul, Lewis & Phil

## Mural Mosaic

**Mural Mosaic** is a process invented by artist Lewis Lavoie that takes individual paintings and places them in a specific order to create a large painting. The first Mural Mosaic was created in 1997 for a retaining wall next to an art gallery in St. Albert, Alberta, Canada. Five years later, in 2004, Lavoie took his process and involve other artists. During a 24-hour "paint-a-thon" to raise money for a local charity, Lavoie pre-prepared panels with color tones and shapes, then using the color guidelines on the prepared panels as inspiration, artists created a painting using their own style. When all the panels were reunited, the final image was a huge success.

Following the success of the "Fiddler" Mural Mosaic had multiple requests for other projects – No other art medium has the ability to include multiple participants, styles, voices, subject matters that all come together in to one unified cohesive beautiful masterpiece image. Mural Mosaic unique ability to be fully inclusive allowing the uniqueness of individuals while maintaining singular voice has made it the ultimate project for communities and schools as well fine art that can tell multiple stories. Mural Mosaic has orchestrated hundreds of collaborative murals around North America involving thousands of artists and non- artists alike from all over the world.

## FERAL CATS

St. Francis Society Animal Rescue has been a wonderful resource for us at Winward Lakes. They have assisted us with the trap / neuter / return program, and have helped several kittens find forever homes.

Again, we are emphasizing that feeding feral cats in Winward Lakes is strictly prohibited!! We are working hard and spending a lot of time and money for this cause. If you love cats, and want to help, consider donating food, your time or money to St. Francis Animal Rescue.

Please be part of the solution, NOT the problem.

For more information, go to <https://stfrancisrescue.org/#/>

### **We Need Kitten Food!**

Like so many other organizations, inflation has hit St. Francis Society very hard. In addition to our increasing veterinary costs, **the cost for food has increased 50-100%** (depending on the variety). And the supply constraint of certain brands that we know kittens easily digest, has only added to the frustration!

We are using over **100 cans** of wet cat food PER DAY and nearly **100 pounds** of dry food per week. **We desperately need kitten food** and many local stores are sold out.

We understand that inflation has made it difficult for all of us and we are so appreciative for any help you can offer! Currently, **Amazon is offering sale prices on many of our kittens' favorite foods** and will help stretch each dollar further.

Kittens like Firth (saved from euthanasia at the county shelter) would be so grateful if you could take a moment to **visit our**

**Amazon wish list and help purchase even a small amount of food!**

## TAURUS AND GEMINI

Gemini—May 21 - June 20

Have you ever been so busy that you wished you could clone yourself just to get everything done? That's the Gemini experience in a nutshell. Spontaneous, playful, and adorably erratic, Gemini is driven by its insatiable curiosity. Appropriately symbolized by the celestial twins, this air sign was interested in so many pursuits that it had to double itself.

Cancer—June 21 to July 22-

Represented by the crab, Cancer seamlessly weaves between the sea and shore representing Cancer's ability to exist in both emotional and material realms. Cancers are highly intuitive and their psychic abilities manifest in tangible spaces. But—just like the hard-shelled crustaceans—this water sign is willing to do whatever it takes to protect itself emotionally. In order to get to know this sign, you're going to need to establish trust!

# MARKETPLACE

**FOR SALE**

**SERVICES**

Rides Available: If you need a ride to a doctor, dentist or grocery store, I can help! I am a resident here at Winward Lakes, so If Interested, please give me a call!! Patsy B. 813-839-1926

## WINWARD LAKES REFERRAL PROGRAM

Want to earn some extra cash? Refer a friend, co-worker, or family member to our community, and when they move in, you will receive \$1,000.00! Not only will you help fill our community with quality residents whom you love to spend time with, but you will earn \$1,000.00 for doing so!!!

To qualify for the referral fee:

- Your referral must be someone who has not previously contacted nor been contacted by Winward Lakes
- Your referral must not have been previously referred by another resident
- Your referral must purchase either a lot, an exiting home or a model home in Winward Lakes
- Your referral must meet the criteria to move into Winward Lakes (55+ and successful completion of background check / Application
- Your referral must physically move in

Contact us for more information, or to get a Referral Fee Form. How easy is that???

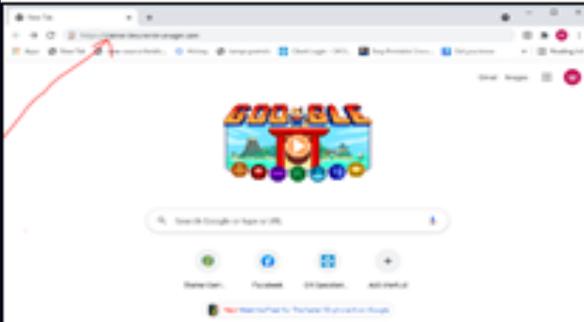

\*This offer does not apply to homes listed for less than \$10,000.00.

# LOGGING INTO YOUR RENT MANAGER

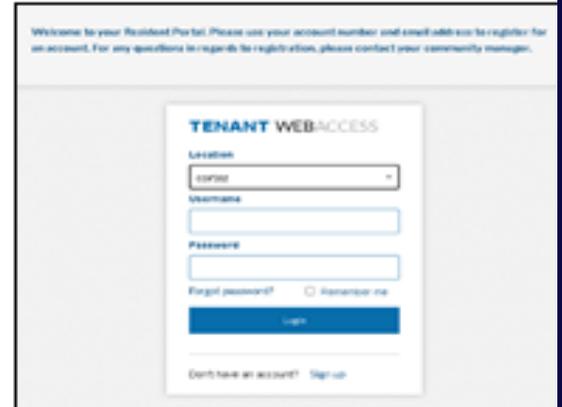

Thank you for everyone who has signed up for, and uses Rent Manager to pay your rent. I thought it might be useful to put the log in steps in writing for you, as I know sometimes we forgot the steps from one month to the next:

**Step 1:** Log into your account. This is the link you must use. Always put it in the top address bar, not the middle search bar in google.

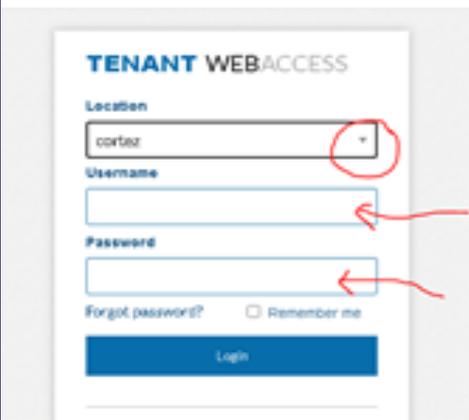

**<https://steiner.twa.rentmanager.com>**

You will now be here

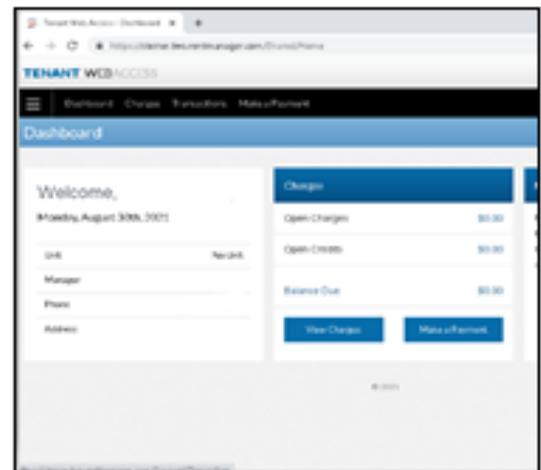

**Step 2:** Change to location to Lakes by clicking on the down arrow and selecting Lakes. Enter your username (your email address), and then your password:

Enter your email here

Enter your password here

**Step 3:** Select Make a Payment, and then Select entire amount. You must check the box acknowledging the convenience fee for **CREDIT OR DEBIT CARD PAYMENTS ONLY**. ACH (Checking accounts) do not have any fees.

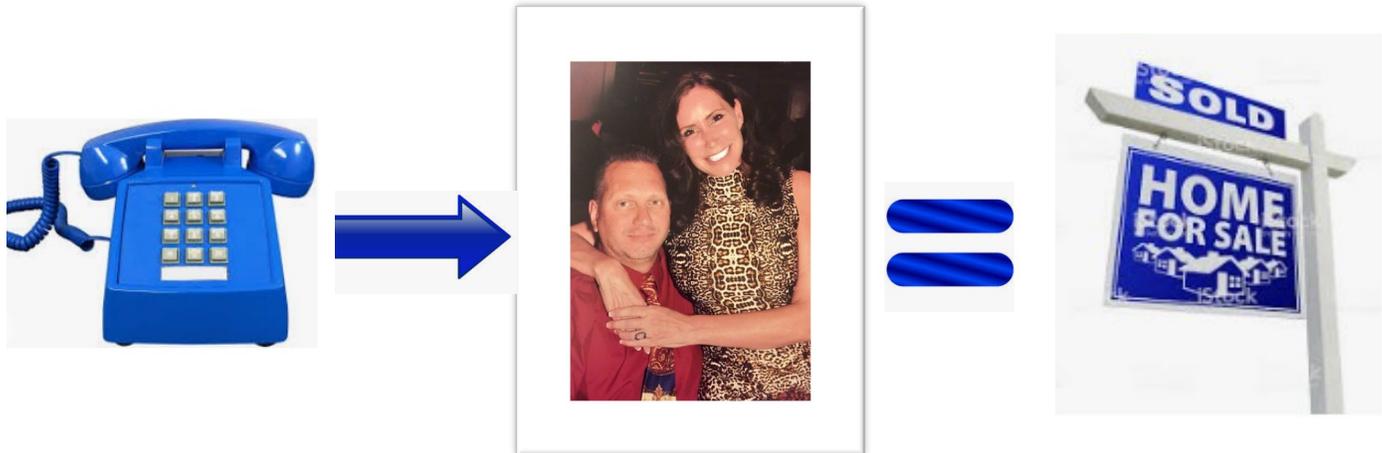

**Step 4:** Once you have done this, you will get a confirmation that your payment has gone through. If you do not, see a confirmation, check your dashboard to see if there is a balance. If it does not say \$0.00, your rent payment has not gone through and you will have to repeat these steps.

A convenience fee may be added to your payment amount.

PLEASE NOTE CONVENIENCE FEE WILL APPLY.

- eCheck/ACH is free.
- Debit card payments fee is \$4.95 per transaction and is incurred by the Payer.
- Credit card payments fee is 3.5% per transaction and is incurred by the Payer.
- Once the payment begins processing, a refund of the payment amount above can only be authorized through your management company. The convenience fee is non-refundable.
- \* Please be advised that attempted chargebacks for Non-Fraudulent transactions through the Zago (Powered by PayLease) system will be subject to criminal investigation and these individuals will be prosecuted to the fullest extent of the law.
- \*\* E-check Transactions: In the event that your bank returns your payment for Non-Sufficient Funds (NSF), you authorize Zago (Powered by PayLease) to assess

## CALL US FIRST!!!!

Just a reminder that Christian and I not only manage Winward Lakes, but we SELL homes here also!! We are as passionate about sales as we are about managing! If you are planning to sell your home, or are in the market to upgrade and would like to buy a new home here in Winward Lakes, we are the FIRST AND ONLY call you need to make!!

### FIVE REASONS TO LIST YOUR HOME WITH US

1. **We know Winward Lakes...**As your Community Manager, we are Park Place Housing Sales Consultants—and are very familiar with Winward Lakes. We live here too, and we can talk about it as a resident, a manager and a salesperson!
2. **We know the market....** Park Place Housing sells homes throughout the West Coast of Florida. We know what homes are selling for and what buyers are willing to pay.
3. **We know home sales...** we are in the business of selling homes—it's an art and a science and we're good at both! We know how to capture a serious buyer's interest and how to turn a "looker" into a buyer.
4. **We know people...**we know how to talk with "lookers" and serious buyers—and, we know how to tell the difference. We're skilled in pointing out the features of the homes we sell as well as the benefits of our community. We know how to find out what buyers are looking for and match them to the home that meets their needs and wants!
5. **We advertise...**We feature homes for sale on our website, in newspaper ads, and on our signs. If it is listed with Park Place Housing... People know about it.

- the longest street in the world is Yonge street in Toronto Canada measuring 1,896 km (1,178 miles)
- about 90% of the worlds population kisses

## Monthly Riddle

A logician with some time to kill in a small town decided to get a haircut. The town had only two barbers, each with his own shop. The logician glanced into one shop and saw that it was extremely untidy. The barber needed a shave, his clothes were unkempt, his hair was badly cut. The other shop was extremely neat. The barber was freshly shaved and spotlessly dressed, his hair neatly trimmed. Why did the logician return to the first shop for his haircut?

1	7	9	8	6	2	4	3	5

A logician with some time to kill in a small town decided to get a haircut. The town had only two barbers, each with his own shop. The logician glanced into one shop and saw that it was extremely untidy. The barber needed a shave, his clothes were unkempt, his hair was badly cut. The other shop was extremely neat. The barber was freshly shaved and spotlessly dressed, his hair neatly trimmed. Why did the logician return to the first shop for his haircut?

**Answer:** He returned to the first shop because clearly that barber is too busy to clean his shop, nor can he cut his own hair.

### Summer Crossword

# JUNE 2022

Sun	Mon	Tue	Wed	Thu	Fri	Sat
			1	2	3	4
	Trash Collection		<b>RENT IS DUE</b>	Trash Collection Coffee/Donuts 9:30 am– BINGO 10:30am Game Night—7pm
