MANAGERS' MESSAGE

Happy March, Winward Lakes!

We are happy to see March arrive—it means the warmer weather should soon be here to stay, and these cold nights, where the temperature has been dropping way lower than we like, will be gone for another year. For Christian and I, this has felt like a cold winter. I am embarrassed to admit that I have had the heat on more times than I can ever remember while living in Florida.

But I know we should not complain. As I am sitting here writing this, it is a beautiful, sunny afternoon. Still a little nippy outside, and a sweater is definitely warranted, but it is far nicer than it was when I stepped outside this morning to a temperature of about 47 degrees!!

Sometimes when I'm speaking to my mother-in-law (who lives in Boston), and I comment on Boston's frigid temperatures, she tells me "there is no such thing as it being too cold outside; you are just not wearing enough clothing." No, I'm sorry, but I do not believe that for one second! I remember countless times when I was young living in Toronto, I would go outside and it felt like my eyeballs were starting to freeze, and my eyelashes would actually have frost on them. I remember chipping ice from my car's windshield, and brushing a foot of snow off its roof so that I could see to drive. Christian remembers the same, but the worst experience he had was shoveling a very long driveway during the great snow storm of 1978. Yes, those memories are forever instilled in our minds and the reason we choose to live in more favorable climates.

Personally, we love the sun, sand and beach. We love the feel of warm breezes, walks in the evening without the need of a sweater, barbecues in the afternoon, lazy days at the beach or a fun day on a boat. Bring on summer! You won't hear us complaining about the heat:)

Take a deep breath and enjoy life!!

COMMUNITY MATTERS

Pool

Unfortunately, our beautiful pool has sprung a leak. We contracted a commercial pool leak detection company who have ascertained where the leak is. The repair will take approximately two weeks, so the pool will remain closed during this time. Once this has been scheduled, we will advise of the pool closure dates.

We apologize for any inconvenience this may cause.

Front Gate Clickers

We have now received a limited number of replacement clickers for the front gate. If you already have one, please do not request another as these are meant to replace only broken clickers. The cost of a clicker is \$35.00.

Guests

Just another reminder that all guests staying overnight must have their names registered with the office. If you did not receive our latest email on the subject, please contact the office and we will resend it.

Back Gate Now Working

The back gate is now working correctly. If you wish to use the pedestrian entrance / exit, there is a code for access. Please call the office for the code.

Daylight Savings Time

Remember to move your clocks ahead one hour on Sunday, March 12!!

Plumbing Issues

Residents have been experiencing blockages in their plumbing, and it has been brought to our attention that the main cause of this is from people flushing wipes. **PLEASE REFRAIN FROM FLUSHING ANYTHING EXCEPT TOILET PAPER!!!** These backups are preventable. Wipes are not safe to flush even if the package says they are. Thank you for your cooperation.

Community Improvements

As you are aware, Christian and I are hands-on with many of the improvements in this community. This means, however, that we will not always be sitting in the office, but can be found working in and around the community. Rest assured, we can ALWAYS be contacted. If our office assistant, Kevin, is not in the office, you can always reach us by phone / text / or email (the number is posted on the door). Or drive around—look for our golf cart and you will find us (hammer or paint brush in hand, mind you) .

St. Patrick's Day

St. Patrick's Day, feast day (March 17) of St. Patrick, patron saint of Ireland. Born in Roman Britain in the late 4th century, he was kidnapped at the age of 16 and taken to Ireland as a slave. He escaped but returned about 432 CE to convert the Irish to Christianity. By the time of his death on March 17, 461, he had established monasteries, churches, and schools. Many legends grew up around him—for example, that he drove the snakes out of Ireland and used the shamrock to explain the Trinity. Ireland came to celebrate his day with religious services and feasts. Saint Patrick's Day is celebrated on Thursday, March 17, 2022.

It was emigrants, particularly to the United States, who transformed St. Patrick's Day into a largely secular holiday of revelry and celebration of things Irish. Cities with large numbers of Irish immigrants, who often wielded political power, staged the most extensive celebrations, which included elaborate parades. Boston held its first St. Patrick's Day parade in 1737, followed by New York City in 1762. Since 1962 Chicago has colored its river green to mark the holiday. (Although blue was the color traditionally associated with St. Patrick, green is now commonly connected with the day.) Irish and non-Irish alike commonly participate in the “wearing of the green”—sporting an

item of green clothing or a shamrock, the Irish national plant, in the lapel. Corned beef and cabbage are associated with the holiday, and even beer is sometimes dyed green to celebrate the day. Although some of these practices eventually were adopted by the Irish themselves, they did so largely for the benefit of tourists.

BEWARE OF BOFU (CANE) TOADS

Cane toad

The back of a cane toad ranges from light yellow, brown, reddish brown to almost black in colour (never bright greens)

Skin is dry, warty (bumpy) and leathery

Has leathery webbing between toes of hind feet at least half length of toes

Paratoid gland excretes a poisonous milky substance

Eyes are set in warty bony socket with prominent bony ridges over the eyes meeting at the nose

Distinct pointy snout

Has horizontal pupil

External ear drum

Does NOT have discs or adhesion pads on end of fingers or toes

Does not have webbing between front feet

The underside of an adult toad is usually a dirty cream colour

Habit: Nocturnal, becoming active in large open areas, such as on roads and lawns. Can be found congregating beneath street lamps and other lights to catch insects.

Call: Sounds like a guttural trill and is sustained for about 30 seconds.

As the weather starts to warm and the rainy season commences, we will start to see an uptick in these dangerous toads.

The bofu toad (also known as the cane, giant or marine toad) is a large, non-native amphibian that has been introduced into Florida. Bofu toads are considered an invasive species and are poisonous to most animals that try to bite or consume them. Bufos are seen mainly during the rainy season (late May to mid-October) and most often at night, near lit

areas, as the bugs attract them. They are seen much less frequently during daylight hours but can be found hiding under vegetation.

Bofu toads are reddish-brown to grayish-brown with a light-yellow or beige belly and can be uniform in color or have darker markings around the body. They have enlarged glands behind the eyes, which angle downward onto the shoulders. The glands secrete a potent milky-white toxin (bufotoxin) as defense against predators including domestic pets. Bofu toads generally range in size from 6 to 9 inches in length. They can be confused with the native southern toad, however, adult bofu toads are much larger than adult southern toads which only grow to a maximum of approximately 3 to 4 inches. Bofu toads do not have ridges across the head, as seen in the southern toad.

First Aid for Bufo Toad Toxin

If your pet licks or otherwise takes the toad into his or her mouth, immediately rinse the mouth with a drippy wet washcloth several times to remove any toxin from the mouth. Do not use a hose to rinse the mouth as water can easily be forced into the lungs, causing more problems. Proceed to the nearest veterinary clinic or emergency clinic as time is of the essence: the smaller the pet or the larger the toad, the greater the risk of toxicity.

Do not attempt to treat this at home. Untreated, the death rate for exposure to Bufo marinus may approach 100%.

Symptoms of Bufo toxin exposure are apparent almost immediately and include:

- Profuse foamy salivation that looks like shaving cream
- Difficulty breathing
- Brick-red gums
- Convulsions
- Paralysis
- Uncoordinated staggering
- Ventricular fibrillation
- Vomiting

Preventing Bufo Toad Exposure to Pets

To avoid attracting toads to areas with pets, **do not leave pet food in open dishes in the yard as Bufos are attracted to food and water dishes and may sit in the rim long enough to leave enough toxin to make a pet ill OR CAUSE DEATH.** A cat or dog that licks or mouths a Bufo could get a hefty dose of the toad's toxins.

Keeping your dog on a leash and well-supervised when outdoors should be sufficient to prevent Bufo toad toxicity. Carry a flashlight at night so that if the dog seems overly curious about something, you can check it out. These toads don't attack, but a curious dog sniffing or licking the toad can get poisoned as a result.

St. Patrick's Day Recipes

Corned Beef and Cabbage

Ingredients

For the Brine

2 quarts water
1 cup coarse salt
1 tablespoon pink curing salt
1/2 cup sugar
1 teaspoon coriander seeds, crushed
1 teaspoon mustard seeds, crushed
1 teaspoon black peppercorns, crushed
1 cinnamon stick, crushed
4 dried bay leaves, crushed
8 whole cloves

For the Corned Beef

5 pounds flat-cut beef brisket
1 medium onion, halved
1 medium celery stalk, halved
1 medium carrot, peeled, halved
1 pound baby turnips, peeled, trimmed
1 pound baby carrots, peeled, trimmed
1 medium head cabbage, cut into 8 wedges
1 pound small red potatoes
Dijon mustard, for serving

Directions

Step 1

Make the brine: Bring water to a boil in a large pot. Add salts, sugar, and spices; remove from heat, and stir until salts and sugar dissolve. Let cool.

Step 2

Make the corned beef: Place brisket in a nonreactive container just large enough to hold it. Pour cooled brine over meat. Place 2 small plates on top to keep meat submerged; cover, and refrigerate for 2 weeks.

Step 3

Rinse brisket; discard brine. Place in a large pot. Add enough water to cover by 2 inches. Add onion, celery, and halved carrot, and bring to a boil. Reduce heat, cover, and simmer until very tender, 3 to 3 1/2 hours.

Step 4

Set a steamer in a large saucepan. Add enough water to reach the bottom, and bring to a boil. Add turnips. Reduce heat, cover, and steam until tender, 8 to 10 minutes. Transfer to a bowl. Repeat with baby carrots, steaming 10 to 12 minutes. Add to turnips.

Step 5

Transfer corned beef to a cutting board. Tent with foil, and let rest for 30 minutes. Discard remaining solids from broth, then bring to a boil. Add cabbage and potatoes, and simmer until tender, about 25 minutes. Add turnips and carrots, and cook until warmed through. Transfer vegetables to a platter; reserve broth.

Step 6

Trim excess fat from beef. Slice thinly against grain, and transfer to platter. Serve with broth and mustard.

Cook's Notes

On "Cooking School," Martha added 12 sprigs of fresh flat-leaf parsley. If you would like to use parsley, simply add it in step five along with the cabbage and potatoes. Pink curing salt develops flavor. The brisket can be made without it, but the result won't be as intense.

Colcannon Shepherd's Pie

Ingredients

Filling

1 teaspoon extra-virgin olive oil
1 1/2 pounds ground lamb
Kosher salt and freshly ground pepper
1 medium onion, chopped (2 cups)
4 carrots, peeled and cut into 1/4-inch coins (1 1/4 cups)
3 tablespoons tomato paste
1 tablespoon unbleached all-purpose flour
1 tablespoon Worcestershire sauce
1 3/4 cups low-sodium chicken broth
1 cup frozen peas
3/4 cup packed chopped flat-leaf parsley

Mash

2 1/2 pounds Yukon Gold potatoes, peeled and cut into 1 1/2-inch pieces
Kosher salt and freshly ground pepper
1 tablespoon extra-virgin olive oil
1 pound Savoy cabbage, thinly sliced (5 cups)
2/3 cup whole milk, warmed
4 tablespoons unsalted butter, melted, plus more for brushing

Directions

Step 1

Filling: Preheat oven to 375 degrees. Heat a large skillet over medium-high. Swirl in oil. Add lamb; season with 1 teaspoon salt and cook, breaking up into bite-size pieces and stirring occasionally, until browned in places and just cooked through, 7 to 9 minutes. Transfer to a bowl.

Step 2

Remove all but 1 tablespoon fat from skillet; return to medium heat. Add onion and carrots; season with 1 teaspoon salt. Cook, stirring occasionally, until vegetables are softened and golden in places, 6 to 8 minutes. Stir in tomato paste; cook 30 seconds. Stir in flour; cook 1 minute. Return lamb and accumulated juices to skillet. Stir in Worcestershire, broth, and 1/4 teaspoon pepper. Bring to a boil, scraping up browned bits from bottom of skillet. Reduce heat to medium-low; simmer until thickened slightly, 1 to 2 minutes. Remove from heat. Stir in peas and parsley. Transfer to a 2-quart baking dish.

Step 3

Mash: In a large pot, cover potatoes with 1 inch of water; add 1 tablespoon salt. Bring to a boil, then reduce heat to medium and simmer until tender, 12 to 15 minutes; drain. Return pot to medium heat; swirl in oil. Add cabbage and 1/2 teaspoon salt. Cook, stirring occasionally, until collapsed and tender, 7 to 9 minutes. Return potatoes to pot; mash with a potato masher. Add milk and butter, mashing and stirring until mixture is creamy and cabbage is distributed evenly. Season with salt and pepper. Spread mash evenly over lamb mixture; brush top with butter. Place on a rimmed baking sheet lined with parchment.

Step 4

Bake until golden brown in places and bubbling along edges, 30 to 35 minutes. Let stand 10 minutes before serving. Pie can be refrigerated in an airtight container up to 2 days.

PISCES AND ARIES

Pisces (February 19– March 20) If you looked up the word "psychic" in the dictionary, there would definitely be a picture of Pisces next to it. Pisces is the most intuitive, sensitive, and empathetic sign of the entire zodiac — and that's because it's the last of the last. As the final sign, Pisces has absorbed every lesson — the joys and the pain, the hopes and the fears — learned by all of the other signs. It's symbolized by two fish swimming in opposite directions, representing the constant division of Pisces' attention between fantasy and reality.

Aries (March 21—April 19) The first sign of the zodiac, Aries loves to be number one. Naturally, this dynamic fire sign is no stranger to competition. Bold and ambitious, Aries dives headfirst into even the most challenging situations—and
